

Special IASE Initiative to Support a Tanzanian Teacher!

Featured is a teacher and student from *Toa Nafasi, Tanzania*

We've all heard the proverb "It takes a village to raise a child" — and it certainly takes a village to educate one. As you know IASE will be holding the 16th Biennial Conference in Magamba, Tanzania, East Africa from July 14-17, 2019. Our theme is ***"Empowering Persons with Disabilities: Developing Resilience and Inclusive Sustainable Development."***

At this time, we want to challenge and encourage our members, NGOs and sponsors to provide additional support for teachers in Tanzania to participate in this amazing event. We are seeking donations to cover attendance for four days to this conference. These donated funds will be allocated in a special account earmarked for Teachers of Tanzania. Any amount is appreciated.

Please click on the tab on our website and write in your donation today. Every little bit counts toward the future of all children.

Thank you in advance for your support and for being part of our IASE family.
