Speech Therapist

The beginning of Nhan Hoa

About us

About us

- In 2012 -2013 we met the IASE team, Dr. Marg Csapo, Dr. Iris Drower, Dr. Mary Gale. Dr. Brenda B. Lazarus from Dr. Giang's recommendation.
- They give us the idea that our work is very meaningful and we are being fully supported to help many children with disabilities in Vietnam
- We received a lot of toys for students and the Brigrance program and translated it for use until now.
- In 2014 we opened the Sunflower Center to work with children with two staff members and nine students. At that time, it was a small facility of 60m² with three classrooms.

About us

- In 2015 we received support from IASE and Mr. Craig Golberry from California
- Then he came again in 2016, at that time our team had grown to 9 people so we supported 60 students in a larger place of 180m² with six classrooms.

- ▶ In 2017, we continued to receive support from IASE and Mr. Craig.
- ▶ We learned from him the diamond model of independence and it is now plastered on the walls of all intervention rooms throughout the center.

We grow up day by day

About us

- ➔ In 2018, we met Dr. Rachel. She gave us a lot of ideas to design our classrooms.

About us

- ▶ In 2018, with all our efforts and efforts, we built Nhan Hoa Center. Here we have our own training room to study every week.

About us

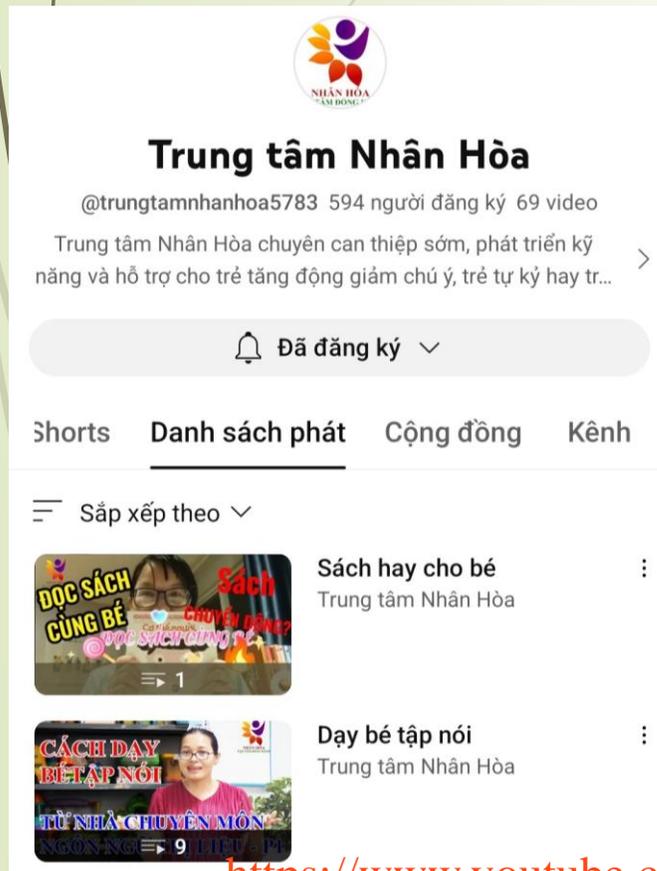

We open classes according to the Basic program and group intervention.

Coping with the Covid epidemic - Maintaining children's progress

Our channel on YouTube and our website.

Coping with the Covid epidemic - Maintaining children's progress

We created an ONLINE PARENT SUPERVISION program. This is one of the best things we've done during the quarantine. 27 families benefit from this program and the children make great progress.

At now

- We have 5 campuses in the areas in the west of the city.

Phone number: 02866537779

Hotline: 0987174279

Email: trungtamnhanhoa2014@gmail.com

Main office: No. 16, street 18, ward 8, Go Vap, HCMC

CS2: No. 58 Thien Phuoc Street, Ward 9, Tan Binh District, HCMC

- Campus at HocMon district.

At now

Cơ sở Quận 12:

- Campus at District 12.

At now

- Cơ sở Tân Bình
- Campus at Tan Binh district

And Now

Our team is 86 people

- ▶ We are brought together from a variety of specialties such as psychology, special education, speech therapy, physical therapy, early childhood teachers and social work

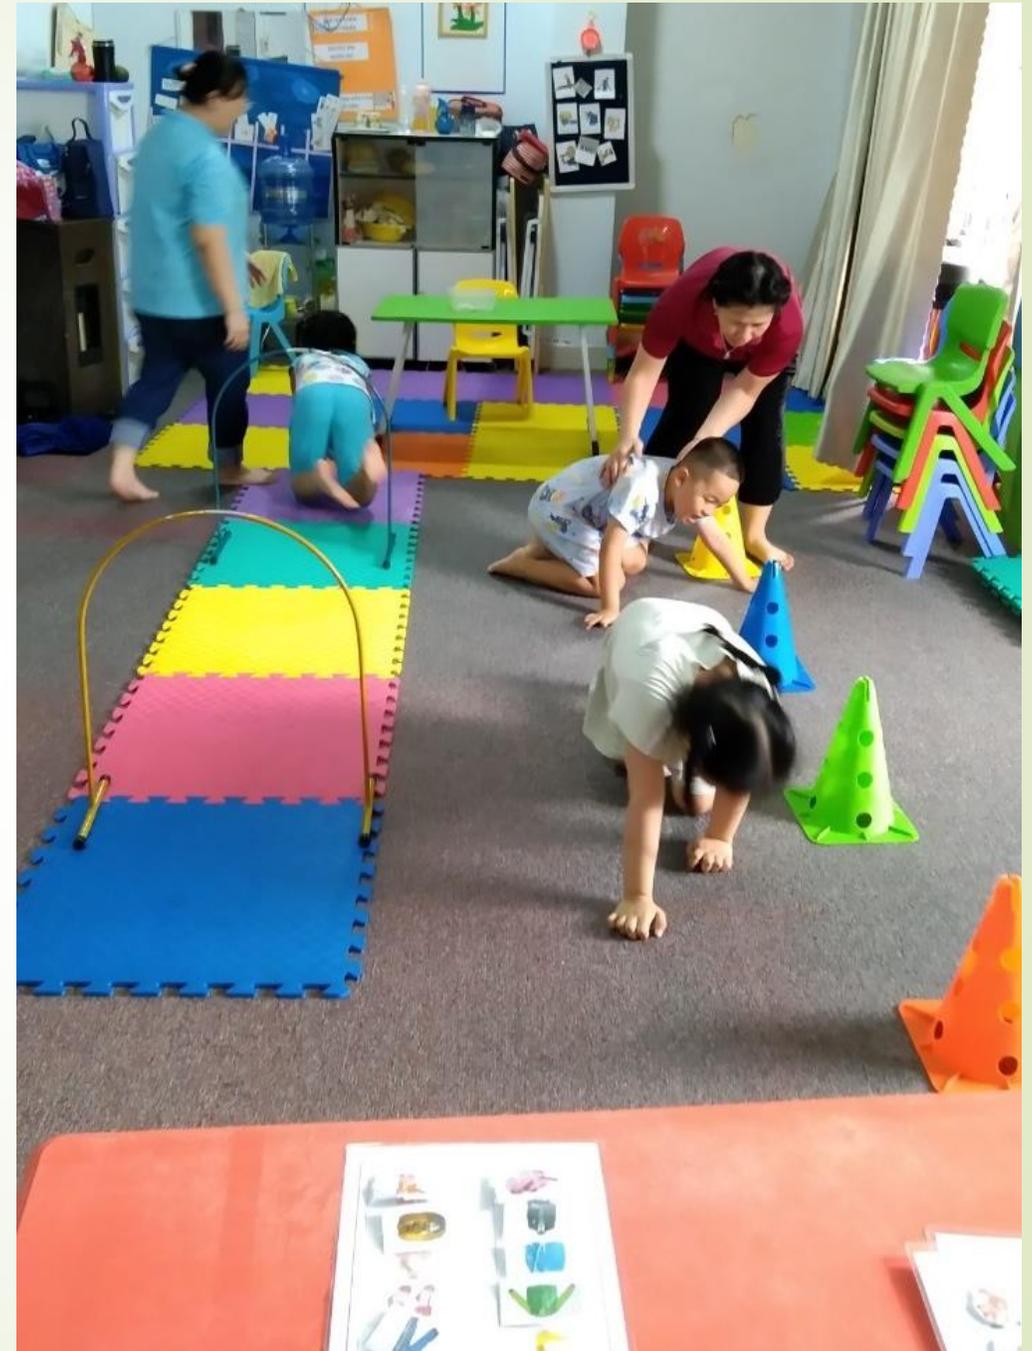

And Now

- We are trusted by many parents.
- We are supporting 342 children and are still ready to support more children
- We continue to maintain and develop the activities where we have the most advantage, which is individual intervention for children with ability to integrate in normal schools.

About our work

In addition, We organize individual, group and all day interventions for children who need more social skills and who cannot attend an inclusive education program.

At now

- We are still working hard to learn together to continue to grow and help more children.

At now

- Each year we invite many experts in different fields for professional development training.

At now

Each year we invite many experts in different fields for professional development training.

At now

We hold role-playing contests and presentations on various professional topics so teachers have a chance to learn something new every week.

At now

we share with each other different knowledge from our disciplines so that all have the opportunity to learn new knowledge and work in a multidisciplinary direction

At Now

- ▶ Every year we travel together, and celebrate holidays according to Vietnamese culture.
- ▶ We have a tradition of giving books to Teachers on Vietnamese Teachers' Day.

At now

- ▶ We have also organized sports and fun activities for teachers to relieve stress and increase connection.

Another achievement

We have become a trusted place to study and supporting psychology, social work, speech therapy students from 7 universities in the city come to practice

Some activities for children on annual holidays

Some activities for children on annual holidays

We are young and full of love for special children, with the active support from IASE and all of you, we believe that we will support more children and give them a chance be effectively integrated into the community

Thank you
